Reports Plot to Embarrass Ike on Latin Tour

By JOHN SCALI

WASHINGTON (AP) — Anti-American agitators operating out of Cuba were reported today to be plotting demonstrations against President Eisenhower when he visits South America next month.

These reports, picked up by U.S. government security agencies are being studied carefully by top aides planning the President's good-will tour of Brazil, Argentina, Chile and Uruguay.

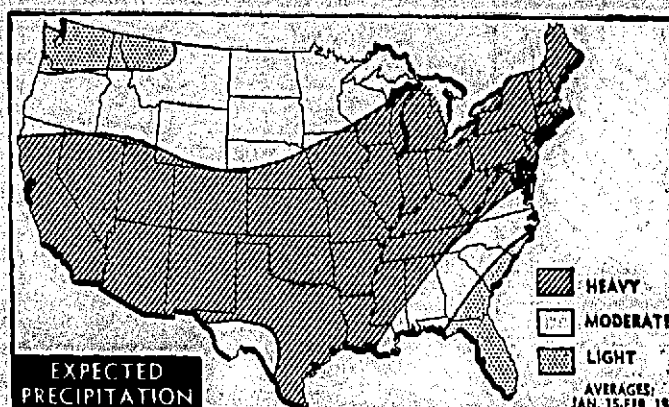

As a precaution, the Secret Service, in cooperation with local governments, is planning the closest step-by-step security watch over the President.

One report is that some fanatic supporters of Cuban Prime Minister Fidel Castro have flown from Havana to countries Eisenhower will visit to help organize demonstrations.

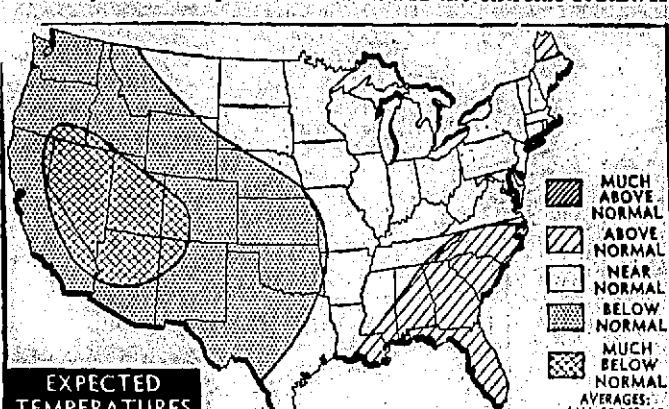

The agitators, it is reported, hope to embarrass the President during this stay, by picturing him as a reactionary foe of efforts by the Latin American people to improve their living standards.

Authorities have received conflicting reports about whether Latin American Communists plan to organize or join any anti-Eisenhower demonstration which might boil up on the route.

The Reds are known to have been the instigators of the spitting, rock-throwing demonstration that endangered Vice President Richard M. Nixon's life when he visited Venezuela and Peru in May 1958.

Bulk of the nation will experience above normal precipitation for the period, except for northwest and the extreme southwest.

Weather picture for the next 30 days calls for below seasonal normals over western half of nation, normal or better in east.

Commission to Pass on Road Building Plan

LITTLE ROCK (AP) — The Arkansas Highway Commission meets today to pass on a plan for long-range programming of road construction and to take bids on 2 1/2 million dollars worth of construction projects.

The commission held an informal, private meeting here yesterday to discuss the programming plan, which was announced at the December meeting.

Up to now, highway jobs have been programmed about one year in advance. Under the new plan, an entire list of projects for the next two years would be available. Copies of the Highway Department's suggested program were distributed to commission members in December. Commissioners had full authority to make changes.

Details of jobs included in the program were not announced, but the commission promised to release the list of jobs if the plan is approved.

Under the two-year plan, highway projects are distributed among the state's 10 highway districts on a formula which allows 20 per cent for population, 20 per cent for area, 10 per cent for highway revenues collected in the area and 50 per cent for need.

Girls School to Accept 7 More

LITTLE ROCK (AP) — The crowded state Girls Training School at nearby Collegeville will be able to accept seven more girls soon.

The school's board of control yesterday paroled seven girls. Mrs. Dorothea Martin, superintendent, said they would begin leaving today.

Conway and Poinsett counties each have two girls on the waiting list. Sebastian, Union and Brant have one each.

The school had to start refusing girls recently because its capacity of 67 had been reached. Officials want to expand the school.

Girls are committed by county juvenile authorities.

MASTER OF CEREMONIES next Tuesday night at the annual membership meeting and banquet of Hope Chamber of Commerce will be Circuit Judge Lyle Brown. Gov. Orval Faubus will be principal speaker. Ticket sales already have passed the 250 mark. CC Manager B. N. Holt said W. B. Rock, director of the Arkansas Industrial Development Corp., officials of Arkansas-Louisiana Gas Co., Arkansas Power & Light, State C of C and others would be present. The event will be held in the National Guard Armory.

State GOPs to Gather for Ike Dinner

LITTLE ROCK (AP) — Arkansas Republicans, about 900 strong, gather at the Hotel Marion tonight for "Dinner with Ike" via television.

They will hear a 9 p.m. address by President Eisenhower on closed-circuit video.

The Little Rock dinner is one of 80 GOP banquets scheduled simultaneously in cities in 43 states, Vice President Nixon and Thurston B. Morton of Kentucky, GOP national chairman, will appear on the television program.

Highlight of the \$25-a-plate Arkansas dinner will be a speech by Sen. Frank Carlson of Kansas. Robert H. Brooks of Little Rock, Dinner Committee Chairman, said yesterday the banquet would be integrated if any Negroes desire to attend.

His statement was prompted by a letter written to the Arkansas Gazette by Gus Camp of Piggott, who demanded to know if the GOP dinner would be integrated.

Camp was chairman for a recent Democratic Party dinner which brought on a controversy after he announced that Negroes would be seated at separate tables.

Negroes boycotted the affair and one of the principal speakers, Sen. Stuart Symington of Missouri, cancelled his appearance.

Dior Again Surprises Fashion World

PARIS (AP) — The house of Dior handed another surprise to the fashion world today.

Dresses displayed at the spring and summer show graced bust, waist and hips. Knees were covered, but barely.

Said the duchess of Windsor of the latest creation by young Yves St. Laurent, Dior's heir: "Oh, I think it's wonderful."

But after being shapely all day Dior's women are supposed to get curvy, vampish bosoms, high, small waists and sometimes even hip curves for the evening.

Actually most of the formals are loose-lined, too.

Designer Saint-Laurent calls it all "the silhouette of tomorrow." But there are echoes of yesterday, particularly of the trapeze line on which the young dressmaker swung daintily high on his debut two years ago.

The sack, long and chemise are all there with a difference. Basically the silhouette flares out roundly from bust to short hemline.

Applause followed the models from early in the show, and grew in enthusiasm with the evening clothes.

There are short jackets, long jackets, and tunic jackets. Necklines are collarless and scooped out. Suit sleeves are loose three-quarter tubes, and most dresses are sleeveless. Gray and navy are the important daytime colors, with orange tones and turquoise.

Mannequins wore tall beehive hats or pudding basins. The costume jewelry was heaped on with a heavy hand. Jeweled medallions as big as saucers perched on the bosom, often paired with slave bracelets worn above the elbow on each arm.

Typical suits have a loose jacket, loose skirt, and loose top. There are also suit dresses, with both dress and jacket unified. Tunic-length tops are tucked under in an unpressed hem, or gathered in a harmon style. Coats are cut in a big curve over the hips and dip in slightly at the hem. A few are sleeveless.

Murderer Invades a Doctor's Country Home, Kills Four and Drives Away in a Cab

NORTH BRUNSWICK, N. J. (AP) — Police today found abandoned the red-and-black taxicab used for flight by the murderer of four bound victims on a doctor's country estate.

The cab was located just before 5 a.m., a few blocks from the Newark city limits. The prosecutor's office here said they believed the taxi had just been abandoned a short time before.

Police from nearby Elizabeth reported the taxi was discovered by officers on routine patrol. It had not been there on their last check of the residential neighborhood one hour earlier, the officers said.

Elizabeth police said they were waiting for state detectives before proceeding with an examination of the vehicle, which was reportedly driven from the murder scene Tuesday by a bespectacled man of about 35.

Bound and shot fatally through the left temple were the doctor's invalid wife, two women servants and the cab driver who had brought the murderer to the estate.

The three women were Edith Clarke, in her 80s, wife of Dr. Francis Clarke; a maid, Cora Thaddeus, 29; and Dorothy Moore, Mrs. Clarke's elderly housekeeper and companion.

Their bodies were found side by side on a narrow bed in Mrs. Clarke's room. They had been tied hand and foot with belts, ties and strips of cloth.

The cab driver, Morris Michael, 58, of Newark, was in another bedroom on the second floor, his body covered by a sheet.

They were found by Mrs. Clarke's daughter, Cornelia Chapman, 26, who had left the home earlier on a shopping trip with her daughter, Nancy, 3 1/2.

The only clues were the mysterious passenger in the cab and a handful of .32 caliber shells.

The motive?

"I wish I knew," said Middlesex County Prosecutor Warren T. Wilentz.

Robbery? A few closets had been ransacked but nothing of value was missing.

A sex attack? The women had not been sexually molested and showed no signs of struggle.

Revenge? "I don't think I had any enemies who would go to that extreme," said Dr. Clarke, head.

30 Rangers Dumped Into Gulf, 2 Die

EGLIN AIR FORCE BASE, Fla. (AP) — Heavy surf and a broken cable dumped 30 Army Rangers into the Gulf of Mexico. Two officers drowned and a third is missing.

The missing Ranger was presumed to have drowned.

The series of mishaps occurred Tuesday night about 600 yards from the white beaches of nearby Santa Rosa Island about 11:30 p.m.

The Rangers had arrived at this northwest Florida base from Ft. Benning, Ga., Saturday for special survival training.

Two landing craft brought 140 men taking part in the exercise to within about 600 yards of shore. At that point they transferred into 18-foot rubber rafts to make a simulated beach assault.

The surf, churned up by a stiff breeze, capsized three of the rafts, throwing 21 Rangers into the water. The dead and missing were among those. The others swam to shore.

Two bodies, in life preservers, washed up on the beach several minutes after the mishaps.

REA Loan to White River Co-op

WASHINGTON (AP) — The Rural Electrification Administration yesterday announced a \$1,034,000 loan to White River Valley Electric Cooperative at Branson, Mo. The cooperative will build 150 additional miles of distribution line to serve 300 new rural consumers and make general system improvements.

Senate Skirmish Shaping Over Rights Issue

WASHINGTON (AP) — A Senate skirmish over civil rights legislation shaped up today in the wake of a new proposal by the Eisenhower administration to protect Negro voting rights.

Sen. Olin D. Johnston (D-SC) said he would ask the Senate to have this, and another plan for appointment of federal voting registrars, turned over to the Judiciary Committee for consideration.

Any such move was bound to stir up strong objections since the Judiciary Committee, under the chairmanship of Sen. James O. Eastland (D-Miss), has proved a graveyard for civil rights measures.

The House also prepared for a day of argument over civil rights legislation, with backers making lengthy speeches in an effort to free a bill from the House Rules committee.

The supporters still are about 35 short of the 215 members' signatures needed on a petition to get action on the measure.

The administration's new voting rights proposal, unveiled yesterday by Atty. Gen. William P. Rogers, calls for the use of court-appointed federal referees to prevent discrimination against Negroes in both state and federal elections.

It has not yet been introduced as a bill.

The court referees could issue certificates of eligibility to persons they found qualified to vote under state law. They also could be present when those persons voted and could sit in on the vote counting.

Election officials refusing to recognize the referees' certificates of eligibility might be prosecuted for contempt of court.

Rogers' plan was drafted as a substitute for a pending Civil Rights Commission proposal for appointment of federal registrars where necessary to assure Negro voting rights.

KCS to Appeal Assessment

LITTLE ROCK (AP) — Kansas City Southern Railway Lines has filed notice of intention to appeal circuit court its 1959 Arkansas property tax assessment of \$4,780,640.

The Arkansas Commerce Commission has upheld the Assessment Co-Ordination Division which set the levy.

KCS has appealed each assessment since 1955. In only one case, 1957, was it able to obtain a reduction, and that was a slight one. KCS contends the 1959 assessment should be four million dollars.

Services Today for Victim of Shooting

Wayne Brock, 18, remained in Hope County jail today on a charge of first degree murder, following the fatal shooting last Monday of his 16-year-old wife, Catherine Maxine Brock.

Mrs. Brock, mother of a 10-month old daughter, died in a local hospital a few hours after the shooting, the result of a domestic quarrel. Brock collapsed following the shooting and was held under guard at a local hospital Monday night. He was transferred to the County Jail yesterday after Prosecuting Attorney Royce Weisenburger filed a charge of murder against him.

The Brocks formerly lived at Hot Springs but had lived here for nearly a year and he was employed as an announcer for the local radio station.

Mrs. Brock is also survived by her parents, Mr. and Mrs. Earl P. Ellis of Hot Springs, two brothers, Albert Ellis of Hot Springs and Edward Ellis of Fort Smith; two sisters, Mrs. Loretta Patton of Houston and Mrs. Jewel Carey of Arkadelphia and her maternal grandmother, Mrs. Lela Poe of Hot Springs.

Funeral services will be held at 1 p.m. today at Central Funeral Chapel at Hot Springs by the Rev. Don Chesser. Burial was to be at Memorial Gardens, Hot Springs.

Presbyterian Classes Plan a Contest

The Presbyterian men of Hope have challenged the men of the First Presbyterian Church in Prescott to a contest having to do with attendance and securing new members. It was announced this week by Arthur M. Wimmell, president of the men's Sunday School class of the local church.

The contest will begin Sunday, Feb. 7, and continue until Easter April 17. The losers will entertain the winners at an evening dinner.

The campaign in Hope will be launched on Feb. 7 with a breakfast served at Fellowship Hall in the local church. Franklin McLarty and W. M. Duckett are co-chairmen for the event.

Emory Thompson will direct the Hope campaign assisted by Duffie Booth and Cliff Stewart.

During the contest special emphasis will be placed upon regular attendance. Each person present at the first Sunday of the contest, Feb. 7, will be credited with one point. If he attends the next Sunday his attendance will count two points and so on during the 11 weeks. If he is present on Easter his attendance will be worth 11 points. If however, he misses on Sunday he must go back to the beginning in that his attendance will count only one point.

James James Prescott will appear and are the Prescott class this Sunday morning to raise a fund for the contest. The Presbyterian men of Hope will be at the contest on Feb. 7. At the contest a representative of the Prescott class will be accepted as a member in a talk before the Hope class.

Algeria Crisis Grows, deGaulle Future at Stake

By HARVEY HUDSON

PARIS (AP) — The threat of a further break between France and Algeria, President Charles de Gaulle's Paris government, grew hourly today.

As the deadlock went into its fourth day, rumors spread that the President might evict the Algerian Provisional Government, which would give him dictatorial powers. If he feels France's integrity is menaced.

Reports also persisted that Premier Michel Debre would resign as a result of the crisis in which 20 persons died and about 150 were injured in a battle last Sunday pitting Frenchmen against Frenchmen. Debre's aides denied the report.

There was no sign of a solution to the situation which posed the gravest threat to de Gaulle since the Algerian uprising of May 1958 doomed the fourth French Republic and ousted him from power.

The hardened, intransigent, fearful that de Gaulle's moderate self-determination policy would lead to eventual independence for Algiers — demand that the largely Moslem land remain French.

From his palace, de Gaulle affirmed his policy and called on the insurgents to lay down their arms.

As the deadlock persisted, unrest in other Algerian cities was growing. Demonstrations were held Tuesday in Bone, Constantine, Oran and other cities in sympathy with the Algerian insurgents.

There seems to be no question of the government being able to crush the insurgents any time it chose. The government troops, however, were more plentiful than the few hundred diehards huddled behind barricades and barbed wire in the heart of Algiers.

So far the army apparently has remained loyal to de Gaulle, but its morale has been shaken by the prospect of having to fire upon Frenchmen.

There were unconfirmed reports troop commanders in Algiers had promised not to fire on the insurgents.

This would mean the diehards either would have to be persuaded to lay down their arms or be starved out.

So far they have had little trouble getting supplies through the cordon of paratroopers. And they have showed no sign of giving in.

The longer they remain undivided, the greater the threat that others would join in the protest against the Paris government.

de Gaulle was said to be unwilling to take on dictatorial powers for fear of magnifying the crisis.

It was de Gaulle's insistence on the right of the Algerian people — including a million European settlers and nine million North Africans — to choose their own future that led to Sunday's bloody uprising.

Premier Debre, who returned from Algiers Tuesday after a quick pre-dawn conference with leaders there, warned that "all can be lost" if order was not restored to the turbulent North African territory.

Judge Goes to Jail But for Charity

CAMDEN, Ark. (AP) — County Judge Miles Reynolds went to jail today — but it was for charity.

Floyd Byrd of Camden, chairman of the Ouachita County March of Dimes campaign, "arrested" Reynolds and escorted him to the county jail.

Reynolds is supposed to remain there until his bond of \$1,000 is raised.

One thousand dollars, that is, in contributions to the March of Dimes.

Jailing of Reynolds was another development in the intensive campaign that Ouachita County and adjoining Union County put on for the March of Dimes.

The counties' sheriffs — Grover Lineberger of Ouachita and O. E. Bishop of Union — are "racing" for benefit of the campaign.

Each walks one mile for every \$100 contributed in his county.

Lineberger started from Camden for El Dorado, and Bishop, from El Dorado for Camden on Tuesday.

Their paths crossed near the county line today with each about the halfway mark in his 30-mile walk.

Faubus Shows Concern Over Party Action

LITTLE ROCK (AP)—Gov. Orval E. Faubus today expressed concern over what he called the "unilateral" action of the national Democratic Party in making its bid to get a president elected.

Faubus, who made a weekend trip to Washington, told his news conference the party outlook was "most uncertain."

"He said there was a lack of proper direction."

"If Butler's extreme policies prevail," added the governor, "the results of the general election will be about as obvious as the results of the Republican convention appear to be at this time."

Faubus referred to Paul Butler, national chairman of the Democratic Party. The two men have exchanged verbal shots over the issue of civil rights in recent months.

Elaborating on his remark about the Republican convention, Faubus said he expects Vice President Nixon to win that party's nomination without a struggle.

Unless the Democrats consolidate their strength, the governor added, Nixon has a good chance to get into the White House.

Faubus said he thought Sens. Lyndon Johnson of Texas and John Kennedy of Massachusetts appear to be the strongest contenders for the Democratic presidential nomination at present.

He said of other possible candidates that Sen. Stuart Symington (D-Mo.) seems to be "fading," Sen. Hubert Humphrey (Minn.), "is not gaining any ground," and Adlai Stevenson's closest associates are beginning to admit their man "can't win."

Faubus has not announced his choice among these contenders. But he has said he thinks Johnson is the most favored in Arkansas.

Asked whether a third party might emerge from the Democratic convention in Los Angeles, Faubus would not be "pinned" down to a flat statement but indicated he thought such a development possible.

The governor spent Saturday and Sunday in Washington, attending a fund-raising dinner and various meetings. He returned to Little Rock yesterday.

MOP Net Income Is \$15.5 Million

ST. LOUIS (AP)—The Missouri Pacific Railroad reported today its net income for 1959 was \$15,550,000, down slightly from the 1958 figure of \$16,758,000, despite an increase in operating revenues.

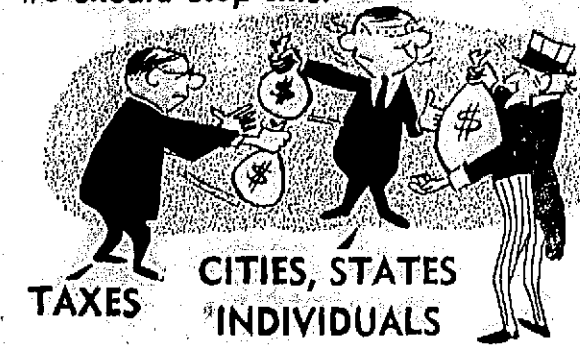

For the year operating revenues totaled \$303,398,477, compared with \$291,807,589 in 1958. Net income for December was about \$400,000 less than for December 1958 and operating revenues for the month also dropped about \$115,000.

The railroad reported that for 1959, \$2,758,000 was accrued for federal income taxes, compared with \$1,557,000 in 1958.

"The balance after mandatory capital and sinking fund appropriations for the year was \$8,384,872, compared with \$5,243,762 in 1958."

Why the Budget's So Big---(3) Some Overdue Reforms

Budget Director Maurice Stans says we should stop this:

... and let private capital sources do the job, where possible.

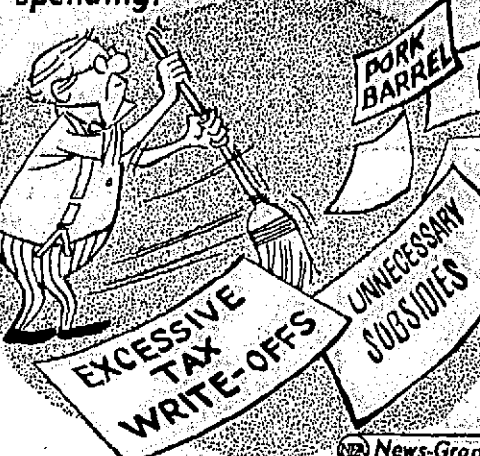

Calling for better understanding of the nation's financial situation by the private citizen, Budget Director Stans makes these charges:

- We spend huge sums for interest on the debt, but don't reduce the principal.
- We spend huge sums to reduce farm surpluses, with the opposite result.

Start chipping away at the debt:

End obsolete and unnecessary spending:

- We lend money to special groups at low rates when private sources could do the job.
- We perpetuate federal programs that have long since met their objectives. The answer: pending world-wide disarmament, is self-discipline in both government and electorate.

Intelligence Better Now, Ike Asserts

WASHINGTON (AP)—President Eisenhower said today the United States has better intelligence estimates on Soviet military production than it had in the past.

He backed Defense Secretary Thomas S. Gates Jr. on the intelligence issue. Gates is under fire in Congress with Democrats attacking him for allegedly giving too rosy a picture of Soviet rocket output.

Eisenhower said both capability (the industrial power to produce weapons) and intention (whether the Soviets will use the resources they have to the limit) are necessary elements of an intelligence estimate.

The United States, Eisenhower said, has all the power necessary to destroy a good many countries, but the world knows the United States has no intention of using its power for that purpose.

Eisenhower blamed much of Gates' trouble on a misinterpretation of what the defense secretary said. He did not explain exactly what misinterpretation he had in mind, except to remark that when Gates was asked a question at a news conference he ignored a premise put forward in the question.

It was at this point that the president said what he really had in mind was that "the United States has better intelligence estimates respecting the Soviet Union than it had in the past."

Georgia in Integration School Crisis

ATLANTA (AP)—The smoldering public school integration-closing crisis appears to be developing into the biggest issue of the current legislative session.

Lawmakers are speaking out on the subject, signing declarations and working in committees in an effort to resolve the perplexing problem. Petitions and statements are being received from many parts of the state.

Sen. Charlie Brown of Atlanta and Rep. M. M. (Duggan) Smith of Fulton County both pleaded for help in keeping the Atlanta schools open.

Rep. Robert L. Seagoin of Floy County declared yesterday he thinks the public is changing its mind on closing the schools. He said the change also includes "the possible cost of some token integration."

On the other hand Rep. Francis Allen of Bulloch County said 20 south Georgia legislators had signed a declaration calling for a "massive fight" against any integration in Georgia schools.

Taken together, the declaration said, is "no more than verbal hypocrisy, inasmuch as once integration becomes a reality in one locality of Georgia it is simply a matter of time before it would appear in other areas of Georgia."

Meanwhile, the powerful House State of the Republic Committee unanimously approved a bill designed to postpone for a time the closing of Atlanta's public schools.

A federal judge has approved the Atlanta School Board's desegregation plan but set no final date pending possible action by the Legislature.

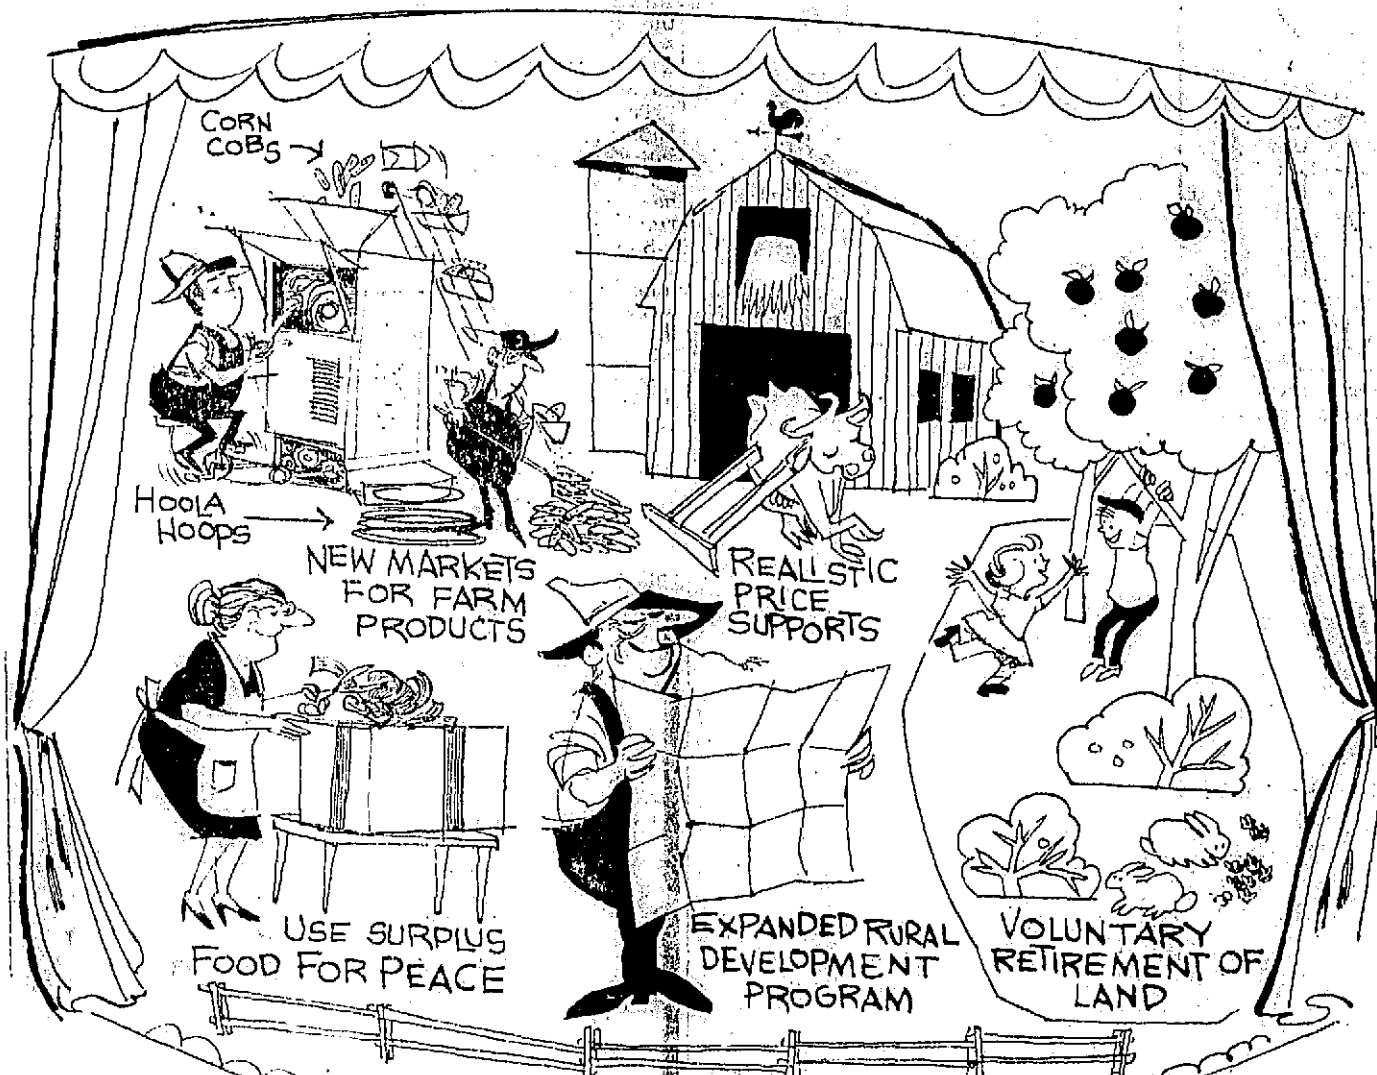

The proposed bill would clear up the question of Atlanta's school taxing powers under a 1939 state law prohibiting levying of taxes for integrated schools.

In another development, the Georgia League of Women Voters issued a statement urging outright repeal of Georgia's present constitutional amendment requiring separate schools for whites and Negroes.

St. Smith Newsman Named an Official

CORPUS CHRISTI, Tex. (AP)—George Logan of the Fort Smith, Ark., Times Record, has been elected to a two-year term as director of the Southern Classified Advertising Assn., which is holding its annual conference here.

Edgar L. Stanley of the Oklahoma City Oklahoman and Times was elected association president.

CURTAIN ABOUT TO GO UP—The perennial farm drama goes on the boards again when Congress convenes in January for its second session. Making the situation particularly acute this time is the fact that the prices farmers are receiving are at their lowest in 19 years. Farm profits this year are running about 15 per cent below 1958, while surpluses keep piling up. The administration intends to present a five-point program (see sketches above). The program is not new, but the call is for more emphasis on certain parts of it. Chief aim is to revise the parity system—the formula on which price supports are based. The old formula is tied to 1910-1914 figures, which the administration calls unrealistic. Americans can expect a lively performance.

Hannum said, "I'm payin', on behalf of me and others \$37,000 for a two-thirds interest in the cutter. George here agrees we shall take over management 'n' handle all business matters. Accounts to be rendered every three months. Kind of got the best of P. T. Barnum," he said, with a shrewd, self-satisfied grin. "He wanted it for that New York museum of his."

"I venture to say you haven't heard the last of him," Hull remarked dryly. "Next to Bob Ingersoll, he's the man I admire most. Got rich, bamboozlin' suckers."

"Do you mean," I asked indignantly, "that the Cardiff Giant is a swindle?"

"Some says yes," Hull replied. "Some says no. Me, I got no opinion. The stronger they arrify the more dollars roll in."

"Gilt to whizzin', Orrin," Hannum said impatiently.

I took foolscap paper and wrote rapidly. I wanted to impress these with my ability, so I wrote without hesitation. But that was a mistake. When I had completed two columns for their signatures and they had signed and Hannum had given Hull his check for the purchase price, Hannum coughed dryly. "How much do I owe ye, Orrin?"

"Five dollars," I said boldly.

"For a job ye done like greased lightning? Give ye two-fifty."

"What you're paying me for is knowing what words to use. My price is \$5."

Hannum scowled an instant, then slapped his thigh and belatedly. "Bub," he said, "that's the way to talk. Make up your mind what you're worth 'n' never let nobody beat ye down. You'll be gittin' more business of mine."

He nodded his understanding and proceeded to recite to me the details of the accident and the names of witnesses who would be

Couple Charged With Forgery

LITTLE ROCK (AP)—Mr. and Mrs. Albert Lee Howard, both 41, who work as aides at Hoot Memorial Nursing Home here, were charged yesterday with forging and attempting to cash an \$83.50 monthly railroad retirement check belonging to an aged nursing home patient.

They were arraigned before U. S. Commissioner John E. Coates and released under \$250 bond each. They denied the charges.

Secret Service agents told Coates the check was stolen from Charles G. O'Connor, 83, last Saturday. The agents said an attempt to cash the check at a grocery store failed because identification could not be furnished.

Asst. Attorney General Named

WASHINGTON (AP)—Harold Russell Tyler Jr., a New York lawyer, was nominated by President Eisenhower today to be assistant attorney general in charge of the Justice Department's Civil Rights Division.

He confirmed, Tyler, 38, will succeed W. Wilson White of Philadelphia, the first head of the division. White resigned last September to return to private law practice. Since then, Joseph M. F. Ryan Jr., the No. 2 man in the division, has been acting as its chief.

Willingly to testify to what they had seen.

"How seriously is the child injured?" I asked.

"Dislocations, bruises, contusions, and something seems to be amiss with his spine."

"Very well," I told him. "If my investigations bear out your story, I will accept the case on a contingent basis — 50 per cent of the damages awarded, in view of the fact that I take all the risks. It is not exorbitant."

"Very well," he agreed. "Business has not been too flourishing or I would retain you on a regular basis. We have had desertions. Mr. Applegate. Our strong man took other employment, and our Venetian glass blowers disappeared. Our four jubilee singers left us. We had a marvelous knife thrower and his lady, at whom he threw his knives, and who doubled as a singer of ballads."

"Indeed!" I exclaimed. "Indeed!"

Even as I made this exclamation an alarm bell rang in my head, not loudly and urgently, but faintly and almost inaudibly. I did not heed it.

One Firm Cites Actual Pill Profit

WASHINGTON (AP)—The makers of Miltown tranquilizer said today their profit is a little more than a penny a tablet.

Henry H. Hoyt, president of Carter Products, Inc., said in testimony for the Senate antitrust subcommittee that no reduction would be warranted in the present price of 10 cents a tablet.

The subcommittee is investigating prices charged for various drugs. It contends some of the wonder drugs are priced so high they cannot be bought by persons who need them. Current hearings are devoted to tranquilizer pills.

Miltown is a trade name for meprobamate, a drug for the relief of tension and anxiety. Hoyt said its discovery had helped lift Carter's sales from an annual level of about \$550,000 in 1950 when he became president to 48 million dollars in the last fiscal year.

"Substantial profits made in the four years since the introduction of meprobamate have to be considered in relation to the 13 preceding years in which Carter struggled profitlessly to enter the prescription drug field," he said. "It is scarcely reasonable to criticize four years' profits resulting from 17 years' effort."

Provision in Steel Deal Up to Courts

By NORMAN WALKER

WASHINGTON (AP)—A provision which may get around the right-to-work laws now in effect in 19 states has been written into the new steel industry labor contracts. But it may be litigated up to the U.S. Supreme Court.

Right-to-work laws prohibit any requirement in union contracts that a worker must belong to a labor union to get or hold a job.

The steel contracts require all workers, outside the right-to-work states to maintain union membership and pay dues as a condition of their employment. This is the union shop arrangement that has been in steel contracts for some time.

The new provision says that in the right-to-work states employees will be required to pay regularly each month "a service charge as a contribution toward the administration of this agreement and the representation of such employees." The service charge is to be equal to the regular dues payment.

This latter arrangement, known as the "agency shop," allows the worker to avoid union membership but requires him to pay the equivalent of regular dues. If he doesn't he is to be fired.

The Steelworkers' Union figures that anyone required to pay equivalent dues as a service charge most likely will become a full union member anyway.

The 19 states having right-to-work statutes or constitutional amendments are Alabama, Arizona, Arkansas, Florida, Georgia, Indiana, Iowa, Kansas, Mississippi,

Nebraska, Nevada, North Carolina, South Carolina, North Dakota, South Dakota, Tennessee, Texas, Utah, and Virginia.

The Iron & Steel Institute says that nine of these states — Arkansas, Iowa, Kansas, Nebraska, Nevada, North Carolina, South Carolina, North Dakota, and South Dakota — have no steel operations.

But the agency shop principle, established in so large an industry as steel, is likely to spur similar contracts in other industries in even these states.

However, the matter is sure to be argued in the courts.

Bennett to Appear Before Committee

LITTLE ROCK (AP)—Arkansas Atty. Gen. Bruce Bennett has accepted an invitation to appear before a Senate subcommittee in opposition to federal registration bills. Bennett announced yesterday he had accepted the invitation, extended by Sen. John McClellan (D-Ark.).

He said six registrar bills are pending in the Senate. Their purpose is to provide federal registrars to check voting procedures.

Bennett charged that the proposed laws "are just another attempt by left-wing elements in the Congress to impose further federal power over state jurisdiction in the voting field."

Bennett told McClellan he could appear before the subcommittee between Feb. 1 and 5.

West Virginia Resumes Bid for Top Ranking

By DON WEISS

Associated Press Sports Writer

West Virginia resumes its bid for the top national ranking after an 11-day layoff while its Southern Conference neighbor, Virginia Tech., continues its push for just plain recognition in college basketball features tonight.

West Virginia, fourth-ranked nationally but with the best overall record of all major teams at 15-1, plays at Pitt in its first game since it blasted Villanova from the unbeaten ranks on Jan. 16, Virginia Tech. — quietly building up to West Virginia's class in the Southern Conference — seeks its ninth straight victory and its 13th in 15 games in a road tangle at Dayton.

Both West Virginia, riding a 50-game winning streak within the Southern Conference, and VPI

have 6-0 conference records this year but don't meet during the regular season.

Meantime, West Virginia continues its challenge to Cincinnati, Bradley and California — the three once-beaten clubs ahead of it in the Associated Press national poll, and VPI keeps moving from stop to stop on the road on an admitted campaign to make a national name for itself. The Gobblers are 17th in this week's AP poll.

Of Tech's 24 games this season, 18 are on the road. So far, they've played at home only twice and after tough Dayton (13-3) tonight, they move on Thursday to Toledo, ranked 18th nationally after building an 11-2 record that includes a victory over Dayton.

Kentucky, just about knocked out of the Southwestern Conference race it usually dominates, plays Georgia at Columbus, Ga., eighth-ranked Villanova (12-1) is at Army, and Loyola of Los Angeles against seventh-ranked Utah (14-2) in other major games tonight.

Alabama (3-11) snapped an 11-game losing streak, beating touring Oklahoma City 54-52 on Larry Pennington's basket with five seconds left in one of the few major games on Tuesday night's schedule. It was the third straight road loss for Oklahoma City, which plays at Miami (Fla.) before returning home.

County Cage Tournament at Blevins

The Hempstead County Tournament gets underway tonight at Blevins with two games scheduled. The Hope Senior Girls meet the Saratoga girls at 8:15.

Other girls teams are Spring Hill, Guernsey and Blevins. The Hope B boys and the Spring Hill boys play Thursday night at 8:15 and Guernsey meets Blevins in the boys division. The Saratoga boys drew a bye in the first round.

Free Tosses Win Couple of Pro Games

By The Associated Press

The foul shot, often ignored in these days of fast-moving high-scoring tactics in the National Basketball Assn., had the final say Tuesday night for the New York Knickerbockers and the Detroit Pistons. Without the free throw they would have been dead.

New York sank 31 of 38 to help beat the Western Division-leading St. Louis Hawks 123-119 while Detroit iced a 121-112 victory in the final minutes with five free throws. The two games were the only ones scheduled.

The Knicks had to be hot at the charity line because St. Louis had a 33-of-39 mark, including 21-of-24 in the first half. But a torrid last quarter brought the last-place New Yorkers from a 14-point deficit to victory.

Gino Sherry sank all 11 of his free throws, including 3 in a row that helped stifle a fast-moving Syracuse rally that had narrowed the score to 116-113.

Hope Teams Win 2 of 3 at Guernsey

Three Hope and Guernsey teams tangled at Guernsey last night with two Hope teams emerging victorious.

Guernsey's Junior girls defeated the Hope Junior girls 16 to 8 in a much better game than the score would indicate. Elaine Adams tossed in 9 and Nina Jo Hawley 5 for Guernsey. Beverly Walters made 4 for Hope.

The Hope Senior girls downed the Guernsey girls 35 to 28 with Ida England looping 23 points and Neta Messer 8. Jo Mosier made 18 and Barbara Adams 8 for the Guernsey girls.

Hope's B boys licked Guernsey's boys 45 to 28 behind the 22 point shooting of Jeffery Powell, Larry Hooten making 12 and Eddie Fry 10. Perry Cox was high man for the night with 23 and J. W. Self made 9.

Robinson First in AIC Scoring

By THE ASSOCIATED PRESS

John Robinson of Arkansas State Teachers has moved into first place in the Arkansas Intercollegiate Athletic Conference individual basketball scoring race.

Robinson showed 234 total points and a 24.4 per game average through game of last week. He moved past last week's leader, Frank Dolan of Southern State, who has a 22.8 average.

Arkansas College's Francis Rogers stands in third place with 277 points and an 18.5 average while Tech's Kenny Saylor is fourth with an 18.4 average and A&M's Harold Mobley fifth with 17.1.

Teachers and Ouachita Set for Showdown

By The Associated Press

Ouachita and Arkansas State Teachers have set the stage beautifully for their showdown Arkansas Intercollegiate Athletic Conference basketball game Friday night at Conway.

They go into the match with identical 8-1 conference records and the ASTC can virtually assure itself of a second straight title with a triumph.

Teachers polished off title-favorite Arkansas Tech for the second time this season 79-69 last night at Russellville. Ouachita tripped Southern State 77-60 at Magnolia. In other games, Henderson upset Arkansas College 82-79 at Batesville and Hendrix ran over Ozarks 88-73 at Conway.

The Bears had the Wonder Boys firmly in hand last night.

John Robinson, the AIC's leading scorer, emerged with 33 points for the Teachers.

Southern State kept Ouachita behind until midway in the second half when Marvin Venable sank a field goal to put the Tigers ahead to stay at 59-57. Venable held Frank Dolan, Southern's contender for AIC scoring honors, to 12 points.

Frank Wiggins scored 16 points for Ouachita.

Jimmy Rippe tallied 24 points to lead Henderson over Arkansas College. Francis Rogers and Max Lay scored 21 each for the losers.

Hendrix hit its season's high of 88 points in downing Ozarks in a mild upset.

Besides the ASTC-Ouachita game, Ozarks is at Henderson, Tech at A&M and Arkansas College at Southern State Friday night.

Rozelle Named New Football Commissioner

By RALPH BERNSTEIN

Associated Press Sports Writer

MIAMI BEACH, Fla. — Pete Rozelle, 33-year-old general manager of the Los Angeles Rams is the sixth commissioner of the National Football League.

Rozelle's selection as a compromise candidate to succeed the late Bert Bell came unexpectedly Tuesday night and cleared the decks for debate today on league expansion.

The youthful native of South Gate, Calif., was elected to the \$50,000-a-year job by club owners who had fought bitterly for seven days through 23 ballots.

Rozelle, announcing he would keep league headquarters in Philadelphia and eventually move to New York City, was given a three-year contract. He said he planned to keep the league staff intact, including Austin H. Guse, acting commissioner since Bell's death Oct. 11.

Minutes after Rozelle's election the owners re-elected Guse as league treasurer, giving him a \$5,000-a-year salary boost to a reported \$15,000 and a \$10,000 bonus for his work as acting commissioner.

Rozelle's first problem as commissioner concerned the important issue of expansion which will be taken up today.

"Expansion is a must for the National Football League," said the new commissioner.

However, the 6-foot 11 1/2-inch former Compton Calif. Junior College basketball player did not say when the league should expand. He said that would have to be determined by the league owners.

Minneapolis-St. Paul and Dallas have been promised franchises this year. Miami, Fla. and St. Louis are possibilities in 1961. Representatives of all four are here awaiting the decision. It will take 11 of the 12 votes to push through an amendment necessary to approve any expansion.

The new commissioner's election was far from unanimous. Actually only nine votes were cast on the deciding ballot. Under the league constitution at least three-fourths of the total votes cast were necessary for election. Rozelle received eight. San Francisco voted for Leahy and Detroit, Los Angeles and the Chicago Bears passed.

The break in the stalemate over election of a commissioner came after the afternoon session Tuesday. The seven backers of Leahy finally realized they could not outvote the West Coast barrier in face of determined opposition from the minority four.

Wellington Mara of the New York Giants and Paul Brown of Cleveland suggested Rozelle as a compromise candidate.

Top 20 Teams in State Cage Ranks Listed

By The Associated Press

Fayetteville climbed into 10th place and North Little Rock, Blytheville and Little Rock Catholic retained the first three positions in this week's Arkansas Sports Writers Assn. high school basketball poll.

North Little Rock again received every first place vote. Blytheville grabbed all second-place votes.

Hot Springs was knocked out of the top ten by a 62-43 loss to second-place Blytheville last week. And Leachville dropped from fourth to seventh place, allowing Jonesboro, Forest City and Fort Smith to move up a notch. Harrison moved up two places to eighth.

Fayetteville made the jump into the top ten for the first time this season with an impressive 52-37 victory over Subiaco. The Bulldogs' arch rivals, the Harrison Gobblins, climbed from 10th place to eighth in the rankings.

North Little Rock bombed Little Rock Central last week 43-28, then clipped Jonesboro 71-57. Jonesboro nevertheless climbed from fifth to fourth in the rankings.

Blytheville also defeated Little Rock last week to hold second place to North Little Rock in the Big Nine Conference standings as well as the state rankings.

Harrison moved up despite a 49-39 loss to Green Forest, the Gobblins' second defeat of the season. They lost to Fayetteville earlier.

New Loop Proves NFL Has No Monopoly

DALLAS, Tex. (UPI) — The new American Football League wasted little time proving that the NFL National Football League doesn't have a monopoly on confusion.

It took only one day of the league's first full-fledged meeting to present a "crazy, mixed-up" impression with a series of baffling pronouncements that left newsmen scratching their heads in wonder.

If all boiled down to the fact that the league's seven members heard franchise applicants from Atlanta and Oakland then, postponed a definite action until at least Thursday after a hearing from still another bidder — San Francisco — sometime today.

About the only facts coming from the meeting without contradiction were that Commissioner Joe Pass and President Lamar Hunt were, formally elected to the jobs they had been holding down for many weeks.

Willie Mays Signs for \$85,000

SAN FRANCISCO (AP) — Willie Mays has 85,000 reasons for believing Horace Greely was right when he said "Go west, young man."

The famous center fielder joined the Giants at New York's Polo Grounds in 1951, and moved with them to San Francisco in 1958 when major league baseball came to the West Coast.

Tuesday he signed a contract culling for an estimated \$85,000. That may make him 1960's top-salaried baseball player and is an estimated 5,000 over his last year's pay.

Such a pay boost came after a season in which injury-hampered Mays' batting average slipped from .347 to .315.

It's freely conceded Wonderful Willie, a fielding phenom and a constant threat at bat, helped pack more than a million fans for the second straight season into little 21,000-seat Seals Stadium last year.

Price for Houston Buffs Called High

NEW YORK — The latest asking price of \$262,500 for a Continental League group to buy out the Houston Buffs of the American Assn. was branded today as "still too much" by the new league's founder, Bill Shea.

Informed that directors of the Buffs had cut their original demand of \$492,600 nearly in half, Shea commented:

"At least they're becoming more reasonable. Although the figure is still much too high for a triple-A franchise, it isn't nearly as ridiculous as the half-million dollars they demanded before."

"They paid \$100,000 for the club and that's what we'll give them—even though it isn't worth it. We won't be blackjacked into paying exorbitant indemnities."

The Houston Sports Assn. which holds the Houston Continental League franchise, is headed by Craig Cullinan. He has been given 10 days to accept the Buffs' asking price of \$262,500.

Iba Pleased With His Son's Choice

STILLWATER, Okla. (AP) — "We've got enough trouble getting players and we didn't relish playing against kintfoles. So I'm pleased the boy chose State."

Speaking was Hank Iba, veteran basketball coach now in his 26th year as head man at Oklahoma State. He was talking about his only son, Moe Iba.

The 6-foot-1 sophomore is the team's fourth highest scorer at 6.1 points a game.

"Coach Iba never has worried about Moe's playing for OSU. Says the coach:

"Probably the only way any player can reach an impersonal attitude toward his sport is to get his thoughts focused on the team as a whole. I think a coach's son is more likely to have such an overall viewpoint. What else has he heard all his life at home?"

"I don't think it is necessarily true that a coach's son will play the game much or too little. Any coach knows which players on the squad fit into the team picture. And the coach should close his ears to criticism of his personal decisions."

Hank Favored to Defeat Bowdry

CHICAGO (AP) — Henry Hank of Detroit, a middleweight who has been making a successful invasion of the light-heavy ranks, is an 8-5 choice tonight against Jesse Bowdry of St. Louis.

The 10-round in Chicago Stadium will be televised ABC 9 p.m. CST and scored under the five-point must system.

Hank, 24, stopped Bowdry in the 10th Dec. 27 at New Orleans. He capped a 1959 campaign that saw Hank elevated to No. 5 middleweight by the National Boxing Assn.

In other starts last year, Hank kayoed Charley Joseph in 6 stopped Willie Vaughn and Neal Rivers in 10, lost to Holly Mills then defeated him in 12 in a rematch, and defeated George Benton in 10.

Bowdry, 22, is ranked No. 8 in the light-heavy bracket by the NBA.

Airmen Going Through a Rough Test

BUFFALO, N.Y. (AP)—An airman, fighting physical and mental fatigue, sat cramped in a metal pod, bobbing in Lake Erie's icy waters today.

The assignment for Airman 1-C Bruce C. Carwise, 31, of Bovey, Minn., is part of the Air Force's 72-hour endurance test of man and a new ejection capsule designed for supersonic B35 Hustler.

Carwise, was strapped in the yellow pod and floated in the water near the Buffalo harbor at 2:15 p.m. Tuesday.

One of his first chores was to man a bluge pump to run off seepage which enters the capsule at the rate of about an inch an hour. Carwise's only contact with the outside is by radio to the U.S. Coast Guard tender Mayle to which the capsule is tethered.

The weather in the lake was enough to chill the heartiest of ice fishermen. Temperatures ranged from 15 to 20 above zero Tuesday night and the water temperature was 32 degrees. Winds up to 35 miles an hour raked the hull of the unheated pod.

Carwise is dressed in standard flying coveralls under a thermal suit. He wears plastic booties over his G.I. shoes.

His dinner consists of concentrated foods. An 8-inch window provides an icy scene.

Under actual conditions, the capsule containing the crewman is ejected from the aircraft by rockets.

An Air Force spokesman said the tests were designed to see "how a man reacts to such problems as cold, seasickness, dizziness and psychological factors of being alone in the confined space of a drifting capsule."

New Plan to Insure Vote Rights Told

WASHINGTON (AP)—President Eisenhower said today the administration has found a new plan to insure minority voting rights.

He told his news conference that Atty. Gen. William P. Rogers has come up with the new plan which

insure the courtesies. The meeting was opened with the club collect led by Mrs. Var-nice Hubbard, followed by roll call by the secretary, Mrs. Geraldine Tipton. The president, Mrs. Ora Dildy, presided over the business meeting.

Music for the evening was furnished by Miss Sara Margaret Purdie.

Mrs. Rand Appeals Her Conviction

LITTLE ROCK (AP) Mrs. J. O. Rand of Rogers has appealed her second degree murder conviction to the Arkansas Supreme Court.

Mrs. Rand was sentenced to eight years in prison for the fatal shooting of H. V. Clark, 33, in her home last Aug. 9.

At her Benton Circuit Court trial, the prosecution contended the attractive, 40-year-old housewife shot Clark when he tried to break off a love affair.

may fit into existing law to improve procedures for guaranteeing voting rights.

Eisenhower gave no details saying they might be subject to misinterpretation.

He referred reporters to Rogers, who subsequently called a news conference for later today at which he was expected to outline the proposal.

The President said in response to questions he is standing by civil rights recommendations he has laid before Congress. He left it up to the air whether the new plan will need Congressional approval or can be put into effect without changes in the law.

In any event, Eisenhower said Rogers thinks he has a scheme to make the guarantee of voting rights more firm.
